## BURGLAR GUARD

The Burglar Guard is an innovative HGI exclusive feature that transforms a standard wood door jamb into a high security entryway. The Burglar Guard replaces the entire strike portion of the jamb with two walls of heavy steel for the ultimate protection against forced entry. The Burglar Guard also has two 2-way jamb adjusters to create the perfect margin between the door and the jamb which are accessible simply by removing the strike plates. The strike plates are also adjustable in and out to offer the correct point of insertion for both the deadbolt and the latch. Beat your competition to the sale with the Burglar Guard... another exclusive feature of the Home Guard Entry Door Systems.
